From Tuesday October 30. to Saturday November 3. 1716.

St. James's, October 30.

THIS being the Birth-Day of His Royal Highneſs the Prince of Wales, there was a very numerous and ſplendid Appearance at Court of the Nobility and other Perſons of Diſtinction: And at Night there were Illuminations, and other Publick Demonſtrations of Joy.

Venice, Oct. 23. The Princeſs of Wallachia, and her two Sons, are on their Way hither from Rome. Yeſterday the Emperour's Ambaſſadour communicated to the Doge, and to all the foreign Miniſters here, the News which had been brought to him by an Expreſs of the Surrender of Temeſwaer to the Imperialiſts, and received their Compliments of Congratulation upon it. On this Occaſion Te Deum was ſung to Day in the Ducal Church of St. Mark, in Preſence of the Doge and Senate. 'Tis adviſed from Rome, that the Pope's Gallies are returned to Civita Vecchia, a great Number of the Men on board being ſick, and 300 were left ſick at Malta, where the Pope's 4 Men of War ſtill remain. The Neapolitan Gallies, which had been cruiſing in the Adriatick, for the Security of that Part of the Coaſts of that Kingdom, are returned to Naples. Their Crews being extremely diminiſhed by Mortality, 'tis imputed to unwholeſome Proviſions, and the Undertaker, who victualled them, is ſeized and impriſoned, in order to be tried; and leſt any Shipping from the Levant, by putting into the Ports and ſetting Men aſhore, might bring in contagious Diſtempers, ſtrict Orders were ſent not to ſuffer any Ships from thence to touch at any Port of the Kingdom of Naples. The Spaniſh and Portugueſe Squadrons had therefore been obliged to put into Meſſina. As for the Fleet of this Republick, we have had no Advices from it ſince the 17th of laſt Month, when it had its Station between Modon and Coron.

Vienna, Oct. 24. Our freſheſt Advices from the Camp before Temeſwaer are of the 16th Inſtant, three Days after the Capitulation. They tell us, that the Citizens, who were numerous and rich, compelled the Garriſon to ſurrender, that they might preſerve their Effects and Families. The Bombs which were thrown into the Town, terrified the Citizens into that Reſolution. The Place is much ſtronger than had been imagined, and might have found the Imperialiſts Work for ſix Weeks longer, in the ordinary Forms of a Siege; which muſt not only have coſt a very conſiderable Number of Men, but 'tis certain our Cavalry would in that Time have been reduced to a very bad Condition. Above 20000 Souls have left the Place; in which about 10000 Raſſians, moſt of them very poor, remain.

Genoa, Oct. 27. By a Britiſh Ship which is come in here from Port Mahon we have received an Account, that Admiral Baker is returned thither with his Squadron from Tripoli and Tunis. A Man of War, bought in England for the King of Sicily, arrived a few Days ago at Nice, much diſabled by a violent Storm in her Voyage. 'Tis adviſed from Berne, that M. Manning, Reſident of the King of Great Britain, arrived there laſt Week.

Bruſſels, Nov. 4. The Citizens of Antwerp, notwithſtanding all the Ways of Mildneſs and Perſwaſion, made uſe of theſe two Years paſt, to induce them to conſent to the Payment of the uſual Subſidy, ſtill perſiſt in their Denial, upon frivolous Pretences; which does not only ſhew a bad Example to the other Cities, but alſo retards the Payment of the Troops aſſigned on this Province, and occaſions other Inconveniencies. On the 29th paſt Count Kinigſegg held a Conference at his own Houſe with the Chancellor, two Counſellors, and the Fiſcal of the Council of Brabant, and M. Swartz, Counſellor of the Council of Finances, to concert proper Meaſures and Expedients for removing theſe Difficulties, and bringing the Authors of this Diſobedience to Reaſon; the Reſult of which was to repreſent to the Marquis de Prié at his Arrival, the Neceſſity of changing, as ſoon as poſſible, the Magiſtrates of that City, ſuppoſing him to be veſted with ſufficient Power and Authority to that Purpoſe. The Magiſtrates of Mechlen have at laſt ſubmitted to the Order ſignified to them by the third and laſt Letter of the preſent Imperial Miniſter; and they have, in Conſequence thereof, promiſed to pay their whole Subſidy of 36000 Florins to the Receiver General's Office: Whereupon the March of the two Companies of Archers and Halbardiers they were threatned with, has been countermanded. The Princeſs d'Iſenghien, who was twice caſt with Coſts and Charges, in a Law Suit for 1300000 Florins, which ſhe has carried on ſeveral Years againſt the Marquis de Deynſe, has at laſt, by Appeal, gained,

her

her Cauſe in a grand Reviſion, from which there is no further Appeal. Letters from Ghent adviſe, that the Baron d'Oudenhove, firſt Eſchevin, which is the ſame as Burgo-Maſter of that Town, died on the 29th of laſt Month, and M. Pettelsberg Nieulandt has ſucceeded him in that Employment. The States of Flanders are come to this Town in a Body, to preſent to the Imperial Miniſter the Subſidy of one Million of Florins for this current Year; which they have lately granted for the Emperor's Service in theſe Provinces. Sunday next is appointed a Day of Thankſgiving for the taking of Temeſwaer, and the other Succeſſes againſt the Turks, during this Campaign. This Day at Noon a triple Diſcharge of the Cannon on the Ramparts of this Place was fired, and the ſame will be done at Night, in Honour of St. Charles de Borromeo, the Emperor's Patron. We have not yet any certain certain Account when the Marquis de Prié is to come hither from the Hague.

Admiralty-Office, Nov. 1. By Letters from Cadiz of the 6th Inſtant, O. S. we have certain Advice, that beſides the Sally Rover of 8 Guns, taken in May laſt by Capt. Del Garno in His Majeſty's Ship the Hind of 20 Guns, he lately came up with one of their Corſairs of 24 Guns, off Cape Cantine, but five Days out of Sally, which, after an Engagement of two Hours and an half, ſtruck to him, and was not above a Quarter of an Hour in his Poſſeſſion before ſhe Sunk; the Weather was ſo bad that all the Moors on board her but 38 were drown'd. We have likewiſe further Accounts that by the Appearance of His Majeſty's Ship the Bridgewater off of Sally, two of their Ships of 16 Guns each, were forced on that Bar, where they ſtranded.
